**HURRICANE EMERGENCY RESPONSE**

# Hurricane Evacuations Plan

Limousines of South Florida, Inc. will assist the City of Aventura with evacuations in the event of a hurricane. This plan will be our official hurricane evacuation plan that will be distributed to all employees and will be followed in the event of a hurricane. During hurricane season, all drivers will be aware of the evacuation plan and all buses will have a copy of the plan in the event that we are required to implement this plan.

1. When the City of Aventura releases an evacuation notice, Limousines of South Florida will be notified by the city.
2. Limousines of South Florida buses will then implement evacuation routes.
3. Routes will be operated by the buses by route colors. (Yellow bus will follow yellow evacuation route, etc.)
4. All evacuation routes will drop off residents at either Aventura Plaza or Promenade Shoppes, County buses will then transport resident to shelters.
5. Limousines of South Florida will operate the evacuation routes until winds reach 35 MPH.
6. Supervisors will continue to monitor winds and communicate with city employees and county transit department to ensure residents will be pickup up at the designated stops.
