Property of Excellence Beautification Awards on Hold for 2009

Aventura, Florida ...

Based on the recommendation from the City's Community Services Advisory Board and the current economic slowdown have prompted the City of Aventura to defer the Property of Excellence Beautification Award Program for 2009. It was felt that due to today's economic environment and its impact on the various condominiums it wasn't feasible to judge the Aventura Condominium and Homeowner Associations this year in to the high standards that have been used as criteria in the past.

This popular landscaping award program has been in place since 1997, and encourages communities to submit an entry in many landscape groupings, including Most Improved, Best Use of Color, and several other categories. The City and the Community Services Advisory Board decided to forego the award competition for this year to give homeowners and condominium associations enough time to concentrate on important economic issues that affect their residents.
