City Update:

COVID-19 Drive-Thru Testing Clinic to Open in Aventura

Aventura, Florida ...

New clinic and website will offer screening, testing, and telemedicine for the community with immediate access available to first responders and seniors age 65 and older

Banyan Medical Systems, a next-generation healthcare services delivery and technology company, and Pivot Concierge Health, an integrative well-care clinic, announced today the opening of Aventura's first drive-thru testing clinic for COVID-19 to expand the availability of testing in South Florida, reduce the burden on local area hospitals and staff, and help keep the community safe and healthy. The new clinic was created through a collaborative initiative involving Banyan Medical Systems, Pivot Concierge Health, the City of Aventura and the Aventura Mall.

The clinic will be located outdoors at the Aventura Mall (Expansion Parking Garage next to Apple Store) and begin operating on Monday, April 13, 2020 between the hours of 9:00 a.m. and 5:00 p.m., Monday – Friday. Testing appointments are required and must be made through an online screening questionnaire at covidaventura.com. First responders and seniors age 65 and older will be given immediate access to testing by completing the online questionnaire or calling 402-885-8125.

Ronald J. Wasson
